# Velvets That are Remarkable for Their Quantity, Quality And Low Prices.

The Velvet sale that began yesterday morning gives every promise of being a notable one—no reason why it should not be. Velvets are more in fashion this winter than for years, and values such as we offer have never been surpassed in Richmond.

There are two especially good values in black velvets—one at 58c a yard that is worth at least 85c—and many good judges say it's worth fully a dollar.

Another Black Velvet at \$1.00 a yard that we know has sold for at least \$1.50—most stores would say it's a \$1.75 value.

**Corded Velvets, 48c a yard.**  
**Croise Velvets, 49c a yard.**  
**Gun-Metal Velvets, 59c a yard, worth 75c.**  
**Heavy Corded Velvets, \$1.00 a yard.**  
**Novelty Velvets, 39c a yard, worth 75c.**  
**Peon Velvets, \$1.50 a yard.**  
**Panne Velvets, \$1.50 a yard.**  
**Chiffon Velvets, \$2.00 a yard.**  
**German Velvets, \$1.50 a yard.**  
**Nonpareil Velvets, \$1.25 a yard.**

## New Suits Shown Yesterday For the First Time.

All finely tailored garments of good quality cloths. Scotch Mixtures and Black or Blue Chevrons in 32 inch Norfolk pleated coat styles. Lined with good satin—The front of the skirt is pleated to match the coat. They are suits that usually retail for \$22.50, but coming to us under price we can offer them for \$18.50. An exceedingly handsome suit of pebble Cheviot for \$22.50 has a collarless blouse pleated in the back; shoulder capes, stole front with the collar and cuffs faced in Peau De Soie.

A stylish looking Suit for \$25.00—Comes in an imported Tartan plaid, which has a little snowflake effect, woven through a Blue and Green mixture. New Military collar, pleated back and the entire suit piped and faced with Peau De Soie.

Good Suits as low as \$10.00—The best at \$50.00.

*Miller & Rhoads*

## COLLEGE TEAM IS AT HOME AGAIN

Their Visit to New Orleans Was of the Most Enjoyable Character.

The Richmond College football team arrived in Richmond Sunday morning from New Orleans after having taken the longest trip in record in the history of football.

The eleven left Richmond the previous Sunday, and after stopping over at Raleigh for the game Monday with the Agricultural and Mechanical College, went straight through by private car to New Orleans, arriving in that city Wednesday morning.

While there the team was stationed at the St. Charles Hotel, and everything possible was done for the comfort and convenience of the team.

Every imaginable courtesy was extended the visitors from Virginia, by the people of New Orleans, and it seemed as if they wanted to show that the far-famed Virginia hospitality in no way excelled that of Louisiana.

The doors of the beautiful New Orleans Gymnasium Club were thrown open to the team and all the privileges, such as the gymnasium, Turkish baths, swimming pool, bowling alley, and shooting galleries were greatly enjoyed by every player.

The athletic field was also placed at the disposal of the management and was used for practice and limbering up. A movement in now on foot to present the team with some suitable token of the appreciation of the college for the many courtesies received at their hands.

On Thursday night box parties were given both teams by the management of the St. Charles Hotel, and the girls appeared wearing alternately the "crimson and blue" and the "green and white" they were cheered to the echo.

The team did not leave New Orleans until Friday night, thus affording the city a splendid opportunity for seeing many of the interesting sights of that remarkable old city.

The game resulted in a victory for Tulane by the score of 15 to 0. In the first half Tulane scored from the middle of the field on a fluke, and kicked goal; Richmond also scored, but by hard work and continually hammering the line. She failed, however, in kicking the goal, and at the end of the first half the score was 6 to 0 in favor of Tulane, but both spectators and players admitted that Richmond outplay her opponents in this half.

The first part of the second half was the most fiercely contested game ever seen on that field, said the New Orleans papers, and the ball was worked back a few yards one way and then the other, with no decided advantage for either side, and it seemed as if all the scoring had been done.

It was that Tulane began running back men, among them their coach, Lynam, with a famous football record, and from this point on the game was in favor of Tulane, and when the score had cleared away it was found that Tulane had scored two touchdowns in this half.

The college eleven was defeated and defeated squarely in a fast, fierce game, and have no excuse to offer, as they feel that none are necessary for this game. But that the team was at a great disadvantage in playing two hard games Saturday and Monday, and then traveling 120 miles to one who has any idea of those who do.

Those on the trip were Messrs. Alley (manager), (coach), Smith (captain), Webster, center; Anderson, right guard; Powell, left guard; Speed, right tackle; Hudgens, left tackle; Trager, right end; Woodhull, left end; Tombs, quarter; Wright, right half back; Rollins, fullback; Bowen and Lankford, full back.

Manager Alley deserves great credit for the way in which he has managed the team this year, for it was due to his enterprise that the New Orleans trip was developed, and due to his ability as a wide-awake business man that every

## SUNDAY LIQUOR CASES.

John Tyler Punished for Peddling Whiskey on Sunday.

John Tyler was arrested yesterday morning for selling liquor on the street on Sunday. He was charged specifically with selling J. C. Bartalan a pint in a bottle, and Bartalan was a witness against him. Tyler was fined \$30 and given thirty days in jail, the most that could be done.

Two other Sunday liquor cases will come up in the Police Court this morning, one charging George Banister with selling on Sunday, November 22d, and the other against John Campbell. In the latter case the charge is against the Richmond Club, a chartered organization. These two cases were called last Tuesday, but were continued to this morning.

## Money for Virginia Building.

Mrs. William M. Strother, of Lynchburg, is in the city. She came to attend the meeting Saturday evening of the Virginia Society of the Colonial Dames, and to meet the Virginia Commission of the St. Louis Exposition.

Mrs. Strother is a prominent member of the Blue Ridge Chapter, D. A. R., at Lynchburg, and is the lady selected by the Virginia Chapter to reside as regent at the St. Louis Monticello. She is very much interested in this building, and is actively engaged in canvassing for it. She has already secured \$500. The other chapters in the State are working to the same end, and expect to largely increase the fund.

The Colonial Dames at their meeting Saturday evening, to which Captain T. C. Morton had been invited, had the subject of the Virginia building presented to them by him, and were much interested. They will consider the matter at their meeting in December, and may take steps to aid in this patriotic effort. Monticello is one of the most notable buildings of colonial times having been built by Mr. Jefferson himself. He commenced the work in 1764 and did not complete it until 1771.

Captain Morton is visiting and corresponding with the various colleges in the State, proposing that they shall each place a pictorial and photographic display upon the walls of the Virginia building and distribute there their literature, as a memento of the place to the replica of the home of the founder of the University of Virginia could not be selected for such advertisement of Virginia colleges. He is also asking from these institutions some financial sympathy. Nearly every member of the faculty of the University of Virginia has made a personal contribution.

The revival at the Calvary Baptist Church will continue through this week with services at noon and 8 P. M. Dr. Bruner is being assisted by the Rev. C. Coleman, of Washington. There have already been about twenty-five conversions.

## DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms for its quick effect in causing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness. Herpicide stops falling hair, kills the germ. It is also an ideal hair-dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich. "Owens & Minor Drug Co., Special Agents."

## THE NEW PASTORS PREACHED HERE

Dr. Young at Centenary—New Presiding Elder Resigns Work.

All of the new Methodist pastors are now in Richmond and on Sunday last every pulpit was filled. Large congregations greeted many of the newcomers. The Rev. Dr. R. T. Wilson, the new presiding elder of West Richmond, began his work for the conference year Sunday. He preached twice, at Laurel Street and Epworth. His text in the morning was from 2 Corinthians viii: "And that he died for all, that they which live should not henceforth live unto themselves, but unto him, who died for them and rise again. His subject was 'Unselfishness.' Dr. Wilson is meeting with a cordial reception over the entire district.

At Centenary the Rev. Dr. William J. Young, the second new pastor, preached his first sermon Sunday morning. His subject was 'Sacrifices and How to Make Them,' based on the text 'I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service.' Dr. H. E. Johnson preached a notable sermon to young men at the Laurel Street Methodist Church Sunday night. His subject was 'What the Twentieth Century Offers to Young Men.'

## WILL MEET TO-DAY.

Presbyterian Committee to Elect Superintendent State Missions.

At the meeting of the Presbyterian ministers at the Second Church yesterday, considerable discussion was given to the Home Mission work in the State. The Rev. W. McC. White, of Petersburg, a member of the Synodical Committee, was present, and made a short talk. The new committee will meet to-day in Charlottesville, to organize and plan for the coming year. A considerable extension of the work is contemplated. Among other things the committee will elect a superintendent of missions, a new office created by the synod. The superintendent will have general supervision of the work in the State.

A committee of ministers was appointed to confer with Dr. A. L. Phillips with reference to holding among the young people's societies institutes similar to those so successfully conducted in the Sunday-schools.

## BOY IS ARRESTED ON CHARGE OF ROBBERY

Deputy Marshal U. M. Bland has returned from Lloyd's, Essex county, where he arrested a twelve-year-old colored boy, named Board Bundy, who carries the mails on a charge of rifling registered letters. The arrest is on complaint of Post-office Inspector Bulla, who investigated the robbery. It is charged that the boy opened the letter and took therefrom \$30 in currency, with which, it is charged, he purchased a new rifle and shot gun, a second hand bicycle, and turned the remainder over to his mother. The boy, it is said, claims that there was a hole in the mail pouch, and that the letter came out, whereupon he opened it. Owing to the youth of the offender it is likely he will be sent to the reformatory.

The revenue officers are busy issuing stamps to manufacturers of tobacco, all of whom are very busy at this season. The sale of stamps recently indicates a large output of manufactured tobacco by the Richmond firms and corporations.

The customs collections for the month of November will aggregate nearly seven thousand dollars the exact figures being not yet obtainable. Receipts from October were about twelve thousand dollars. The figures vary greatly from month to month, but the average for the past two months is regarded as high.

## APPARENT ATTEMPT AT INCENDIARISM

An apparent attempt at incendiarism was discovered Sunday night in time to prevent any serious damage. An unlatched window in a stable to the rear of the residence of Mr. Michael Burke, No. 8 South Belvidere Street, afforded an entrance to thieves obviously to search of something more valuable than the wood and coal they found there. A barrel of kerosene was in the place, and it was here that the fire originated. To all appearances the intruders vainly set a match to the barrel and a blaze quickly sprang up. The alarm was turned in, but before the assistance of some neighbors, had gotten the blaze under control.

## Smokeless Fuel Case.

To the United States Circuit Court yesterday, Judge Edmund Waddill, Jr., sitting, a jury was engaged all day in the trial of the suit of Samuel L. Fuel & Sons vs. the defendant, for coal. The plaintiff claims that \$5,000 is due them by the defendant for non-delivery of coal as per contract. Mr. H. R. Pollard is counsel for the plaintiff, and Mr. Sands & Sons is the defendant. An affidavit of the examination of witnesses. The case will probably reach the jury to-day.

## Dr. Simpson at Clay Street.

Rev. Dr. T. McW. Simpson, the new pastor of the Clay Street Methodist Church, preached two fine sermons Sunday to appreciative audiences. Owing to the inclemency of the weather the attendance was not as large as would otherwise have been. There was a good representation present, however, and the impression the Doctor made with his people was very decided.

He preached two eloquent sermons, the one on the theme of 'Consecration' and the other on 'Buildings We Daily Make and How to Test Them.'

## The Entertainers Came.

The American Saxophone Quartette Concert Company were the entertainers at the Young Men's Christian Association last night. They came in the assembly hall and conquered their audience by their excellent music to the 'unconditional surrender' point. The attendance was good and the opening of the course was successful. The last date Governor Holt Taylor was to appear in 'Castles in the Air,' but owing to a misunderstanding as to dates, did not put in his appearance.

## At the Second Church.

The revival services at the Second Baptist Church will continue through this week. There will be a Bible study this week at noon and a service at night at 8 o'clock. Great interest has been manifested in the revival. The preaching is by Mr. R. D. Garland, field evangelist of the State Mission Board.

## EAT, DRINK AND BE MERRY

TRADE MARK.  
**Cures Dyspepsia, Indigestion, Catarrh, Nervousness and Sleeplessness.**

Makes the old folks feel young. And young folks feel strong. Repairs the stomach. Feeds the nerves. Vitalizes the blood. It makes you eat heartily. It digests all you do eat. It puts color into pale cheeks. And makes one glad to live. You can't have the blues. You can't have indigestion. You can't have sleepless nights. You can't be a failure. If you take Paw-Paw. Druggists will tell you they never handled an article that sold so rapidly and made such remarkable cures. Price \$1.00, pint bottles. Paw-Paw Pills 25c a bottle. At all Druggists.

## DOES NOT APPLY TO THE POLL TAX

Governor Signs Bill Extending Time, But Poll Taxes Are Due December 14th.

Governor Montague on Saturday approved a bill allowing treasurers until January 1, 1909, to collect State taxes due and payable on December 1, 1908, without the addition of the 5 per cent. penalty.

The distinction should be clearly drawn that this measure in no way applies to poll taxes, which must be paid not later than December 14th. The bill is made necessary by the delay on the part of the revenue commissioners in getting their books in shape, and it would be manifestly improper to make the tax-payers bear the burden. Mr. Garrett, of Allegheny, offered the bill in the House, which reads as follows:

1. Be it enacted by the General Assembly of the State of Virginia, that in each city and county the penalty of 5 per cent. for the year 1908, provided in said section 608, shall not be added by the treasurer, to the taxes on any property or land listed in such city, county or district, until the first day of January, 1909, and the treasurer shall not be required to report to the auditor of public accounts the taxes received by him for the year 1908, until the said first day of January, 1909.

## HON. CLAGGETT JONES FOR ATTORNEY-GENERAL

Among the visitors at the Capitol yesterday was Hon. Claggett B. Jones, of King and Queen county, and he proposed to enter the race for attorney-general in 1909.

When asked concerning the matter, Mr. Jones said that a number of his friends had been kind enough to urge him to enter the race, and that he felt grateful to them for the honor, but that so far he had given the subject but little thought, as he had been busy with his private affairs.

Mr. Jones is a fine lawyer, and is popular, especially in the eastern section of the State, where the claim is being made and conceded that Tidewater should be honored with a place on the next State ticket. Mr. Jones is here on private business, and may remain for several days.

## SHRINERS IN BALTIMORE.

Acacia Temple Pays Bourni Temple a Fraternal Visit.

Acacia Temple, Mystic Shriner, sent a goodly representation to Baltimore yesterday morning, to pay a fraternal visit to Bourni Temple.

This is a return visit, the latter temple having been the guests of Acacia several weeks ago, at which time there were great 'doings.' There will also be great 'doings' in Baltimore during the stay of the 'Acacias.'

Some of those who went were Messrs: Sylvan Belvin, the 'father' of Acacia; John Charlton, Thomas Whitte, Frank Cunningham, John F. Mayer, C. A. Nesbitt and others.

They will leave Baltimore to-day on the return trip.

## COLONEL JOSEPH EUTTON IS NOT A CANDIDATE

When seen last night in regard to his probable candidacy for insurance commissioner in the event of the passage of the bill now pending, Colonel Joseph Eutton said:

'I am not and never have been a candidate for an office which has not yet been created, and in the event of the passage of the bill I have no present intention of entering the race. The papers have several times referred to me as a probable candidate, and I desire to make this statement that my position may be clearly defined. Colonel Eutton has always said to his friends that he did not think it proper to seek a place which did not exist and those close to him well understood that he has made this uniform reply to all who have approached him on the subject.'

## NIGHT STEAMERS IN GREAT DANGER

Derelect Lighter in Channel a Menace to Navigation—Pocahontas Much Damaged.

A water-logged lighter in the channel of James River is a floating menace to navigation.

This is the derelect which the Pocahontas ran into Saturday evening just below Richmond and greatly damaged one of her wheels. Last evening Mr. H. S. Saunders, of Upper Shirley, telephoned from City Point to the Virginia Navigation Company here that the lighter had reached that place and was in the middle of the channel. The Navigation Company promptly informed the Old Dominion Company, whose steamer went out last night at 7 o'clock.

The derelect is exceedingly difficult to avoid, particularly at night. Mr. Saunders said it was floating about six inches under the water, with two points, as of broken masts, projecting from the water a few inches. It would be simply impossible for a pilot to see it at night, unless with a searchlight, and the danger of a collision would be but little lessened, since the ends out of the water are not more than specks when seen at a distance of fifty or a hundred yards. Both Old Dominion steamers—that which left Richmond and that which left Norfolk at 7 last night—were both warned to face. The captains of both were doubtless notified of the location of the derelect late yesterday afternoon. But that will be of no great aid to them, since the tides would move it about in the intervening hours. Doubtless both steamers will move very cautiously when in the neighborhood where Mr. Saunders reported he saw the obstruction. It may turn out that the thoughtfulness of this former Richmond gentleman saved both steamers from damage.

It is understood that Mr. Irvin Welsher, president of the Virginia Navigation Company, will see Colonel Cutshaw, city engineer, to-day concerning the presence of the lighter in the river. It is said to be a castaway of the city.

## RAILROAD NEWS.

The Richmond Railroad Club will hold its next meeting at Murphy's Hotel annex on Monday, December 14th. The program has not been fully made up yet, but will include a paper on the transfer of freight by Mr. E. H. Lee, of this city, agent of the Southern Railway. The paper will be discussed by several men of large practical experience in freight handling and transfer. Other interesting features will be embraced in the program.

Mr. H. S. Leard, district passenger agent of the Seaboard Air Line Railway, will leave to-day for a trip to West Virginia on business connected with the passenger traffic department of the line. He will be absent several days.

L. F. Sullivan, comptroller of the Chesapeake and Ohio Railway, has issued the following statement of the earnings and expenses of the line for the month of October, with comparisons: Gross earnings, October, 1908, \$1,714,737.75, compared with \$1,323,827.00 for same month last year; increase for month of \$390,910.75. Net earnings for October, 1908, \$694,188.67, compared with \$421,133.55 for October last year, an increase of \$273,055.12. Gross earnings from July 1st to latest date, \$14,041,019, compared with \$12,307,185 for same period of last year, an increase of \$1,733,834. Net earnings from July 1st to December 1st, 1908, \$2,414,453, compared with \$1,476,463 for same period of 1907, an increase of \$937,990 for the five months of the current year. This increase is largely due to increased coal traffic this fall, compared with that during the coal strike last fall.

Captain A. C. Berkeley, a popular Chesapeake and Ohio conductor on the eastern division of the line, is now about well, after a long illness. He is a native of West Virginia and well known among the eastern division, and is one of the best men in the service. He is a brother of Captain H. M. Berkeley, one of the lieutenants of the Potomac.

President George W. Stevens, of the Chesapeake and Ohio Railway, has returned to the city, and was at his office yesterday as usual. President Stevens is authority for the statement that the matter of removal of the general offices from this city to some other point will not be decided for several months. The year gives no intimation of what the probable decision will be. It is inferred that the board of directors will take the matter up and settle it early in the new year.

Effective yesterday the Southern Railway inaugurated another last schedule between New York, Washington and Jacksonville, Fla. This is another dining car train, making the trip from New York to Jacksonville in about fifteen hours. On January 11th the famous 'Rain Limited' will be re-established between New York and Jacksonville. This is one of the finest trains operated in the South, being composed entirely of drawing room, compartment and dining cars. On Saturday with the Southern inaugurated a through sleeping car line of compartment cars between New York, Washington and New Orleans, known as the Sunset Annex, to be run daily between two points named in connection with the Sunset Limited, from New Orleans to San Francisco.

Mr. W. O. Warthen, district passenger agent of the Chesapeake and Ohio Railway, returned yesterday from a trip to the West as Salt Lake City, Utah, on recreation and pleasure. He has been greatly benefited by the trip, and has a delightful experience. Mr. Warthen was accompanied by Mr. Norman B. Denver and Colorado Springs, and crossed the Rockies, having opportunity to see some of the sublime mountain scenery on the continent. Now that Mr. Warthen has returned, Mr. R. H. Bowers, city ticket agent of the Chesapeake and Ohio, will leave for a winter vacation, beginning Saturday. Mr. Bowers will undertake to diminish the passenger crop in the winter season, and bring a good deal of business to the bird market on his return.

The following statement of the earnings of the Atlantic coast line railway has been received: Receipts for October, 1908, \$1,614,910; for October, last year, \$1,308,222. Operating expenses and taxes, October, 1908, \$822,020; October, last year, \$694,352. Net receipts for October, 1908, \$792,890, compared with \$613,870 same month last year, an increase of \$179,020. Operating expenses and taxes for the quarter this year, \$2,722,633, compared with \$2,399,661. Net receipts for quarter this year, \$2,227,790, compared with \$1,827,127 for the quarter last year, an increase of \$400,663.

## DR. F. T. M'FADEN COMES THIS WEEK

The Rev. Dr. F. T. M'Faden, the new pastor of the Grace Street Presbyterian Church in Richmond, will reach this city this week with his family. He will begin his regular duties at his new charge next Sunday morning.

Dr. M'Faden will not go house-calling. His engaged room is at the Westminister School, on West Grace Street.

## CAROLINA PORTLAND CEMENT CO.

CHARLESTON, S. C., Largest Manufacturers, Importers and Distributors of PORTLAND AND ROSENDALE CEMENT, LIME AND BUILDING MATERIAL IN THE UNITED STATES.
